| <b>Project Name</b>  | AI FAQ ASSISTANT API |
| <b>Maximum Marks</b> | 1 Mark               |

### Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

| S.No | Demo Section              | Description                                                             | Duration (mins) | Responsible Member |
|------|---------------------------|-------------------------------------------------------------------------|-----------------|--------------------|
| 1    | Introduction              | Introduce team and project title - AI FAQ Assistant                     | 1 min           | Member 1           |
| 2    | Problem Statement         | Explain problem: delay in answering repetitive queries, no 24/7 support | 2 mins          | Member 2           |
| 3    | Solution & Architecture   | Show architecture: NLP, Knowledge Base, Chatbot flow                    | 2 mins          | Member 3           |
| 4    | Key Features              | Explain Multi-lingual, Voice Input, Web/WhatsApp Integration            | 2 mins          | Member 4           |
| 5    | Live Demo                 | Live demo of bot answering admission, fees, hostel queries              | 3 mins          | Member 1 & 2       |
| 6    | Conclusion & Future Scope | Conclude benefits and future enhancement - admin learning               | 1 min           | Member 3 & 4       |

### Demo Flow Summary:

| Step | Activity                         | Notes                                                                            |
|------|----------------------------------|----------------------------------------------------------------------------------|
| 1    | Introduction & Problem Statement | Will explain why manual FAQ system fails and need for AI assistant               |
| 2    | Solution Overview                | Will show block diagram of AI FAQ Assistant with NLP engine                      |
| 3    | Live Feature Demonstration       | Will ask 4-5 sample questions in English/Tamil and show instant response + voice |
| 4    | Q&A Session                      | Will answer evaluator questions about implementation and technology used         |
